

Information for Google Classroom September 22

All children will be linked to their class 'Google Classroom'. A note of their username as password will be given to the children. All passwords will be set at **Insch2023**

This is a learning platform and is also used as a communication tool by the teachers.

To access your child's NEW Google classroom please follow these instructions.

Accessing Google Classroom App:

1. Download Google Classroom app
2. Sign into GC with Child's Glow username but you must change the ending to **@as.glow.scot** rather than @glow.sch.uk e.g.

gw22surnameforename@as.glow.scot

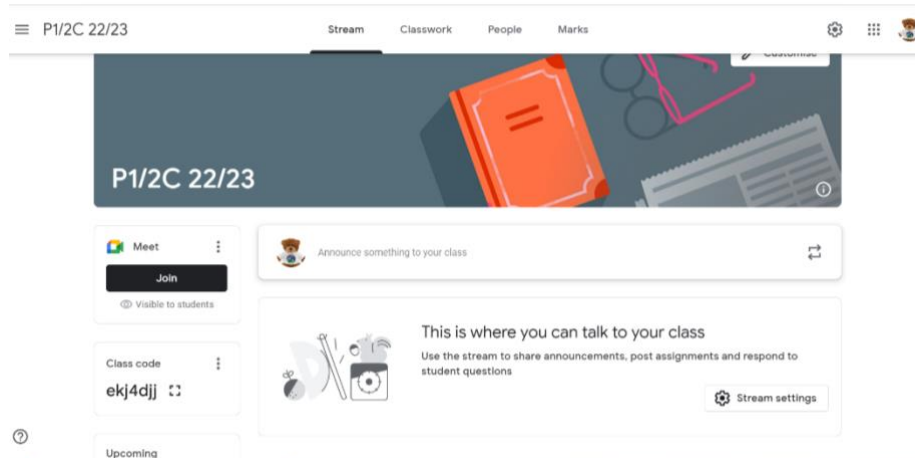

Next, log into Glow with child's usual username: e.g.

gw22surnameforename@glow.sch.uk

3. Enter the password - **Insch2023**
4. Allow notifications - this will allow you to keep up to date with any information from your child's class teacher.

Google Classroom Live Lessons

Log into your child's Google Classroom to access their live lesson. The page should look like this. Then click on the JOIN button to access the Google Meet.

If you have any issues regarding Glow or Google Classroom, please get in touch with the school.
