

Toileting Protocol

Providing planned times to enable pupils to go to the toilet is important for pupil health and wellbeing. It is also noted that learning and teaching can be interrupted when pupils constantly ask to visit the toilet several times within each teaching block:
ie. 9.00 -10.30 10.45 and 12.15 and then 1.15 to 3.15.

The procedure at Insch School is therefore as follows:

- All pupils are toileted before break and again before lunch.
- All pupils have the opportunity to go the toilet from the dining hall straight after they have eaten their lunch and before they exit into the playground.
- All pupils are permitted to go to the toilet once during a learning block. There are 3 learning blocks every day.
- Should a pupil need to be excused to attend the toilet more than this due to medical reasons, a note should be provided by parents to this effect and exceptions will be made.
